

Create workgroups

Nicolas ARBOUIN - 2024-02-27 - Collaborate securely

Create workgroups

Regroup users having the same accesses, enhance, organize and save time

This page is dedicated to administrators

Create your groups

Using an administrator account, go to Platform Management, then in the "Groups" tab and create your group using  **Add a group**

Add members with the "Add" button,

Add a group ✕

GENERAL DELEGATES CONNECTION OPTIONS

Name of the group :

 Add a user

USER	ACTIONS
No result
