

## May 2025 update

2025-05-05 - Guilhem VERGON - Changelog

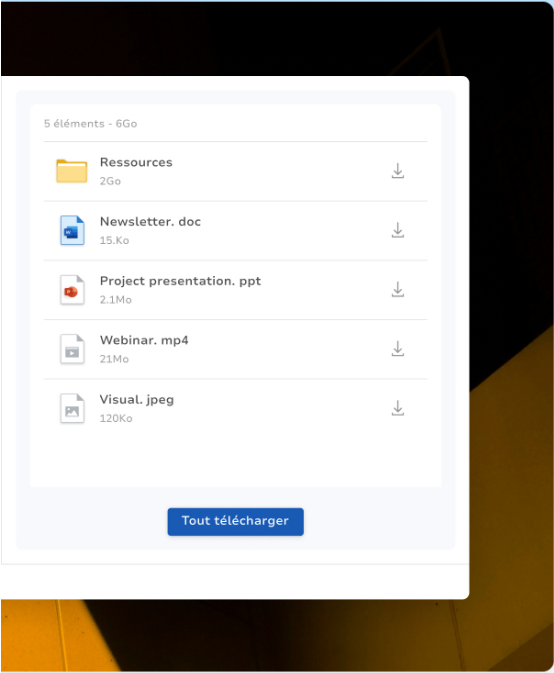

*Update published on 19th May 2025 in the evening*

### **Improvements:**

- New interface for your shares and incoming files
  - Centralized transfer tracking
  - New windows for sharing via email or link
  - More options for documents receipt, including proof of deposit
  - Enhanced and clearer traceability for all your exchanges
  - Flexible security options at any time: add password or SMS code protection

- Improved external views
  - Simpler, faster, and always personalized with your brand
  - Two-step document reception, allowing your contacts to confirm their document transfers
