

November 2025 update

2025-11-10 - Guilhem VERGON - [Changelog](#)

Update published in the evening of 2025 Novembre 12th

New features for Share product :

- Default feature **Portals** can be setup from now.
- From the setup option **limits.admin_shares**, administrators can now **access content of an existing portal**. This feature allows **easier control and audit of exchanged data**.
- New **email alert feature**, which can be activated by users to stay informed about the latest documents added for each portal.
